HOW TO GET "REAL TIME" DRESSAGE SCORES ON YOUR SMARTPHONE

1. Using your smartphone's browser, open http://www.foxvillage.com/.

2. The ❶ **Fox Village Dressage Software** home page opens.

3. Tap ❷ **Mobile Results**.

[NOTE: If you are using a tablet or computer, you can also tap/click **Online Entries, Ride Times & Results** for more information than on the mobile version covered in this tutorial.]

Figure 1.

4. The ❸ **Fox Village Dressage Ride Times and Results Service** screen opens.

5. If needed, tap the ❹ **Year** box and scroll to select the correct year. Tap the correct year, then tap **Done**.

6. Tap the ❺ **State / Province** box and scroll to find the state/province where the show is being held. Tap the state/province abbreviation, then tap **Done**.

Figure 2.

7. In this example, the show year is ❻ **2014** and the show is in ❼ **Virginia (VA)**.

8. In the resulting ❽ **Show Name** list, shows registered with Fox Village Dressage are listed with blue underlined text. Scroll until you find the show you desire. In this example, it is ❾ **9/13/2014 – VADA/NoVA, Inc. Autumn Dressage Competition**. Tap the blue text to view results for the show.

Figure 3.

9. The show's screen opens; in this example, it is the ❿ **VADA/Nova, Inc. Autumn Dressage Competition**.

10. The screen opens with the ⓫ **Class** list selected, which is a list of the classes in the show, sorted by the class number. (See step 14 for Rider List instructions.)

11. If you want to search results by ⓫ **Class**, scroll down the screen until you find the class you desire, then tap the blue underlined text. In this example, ⓬ **12 - USDF Introductory Test C Open** was tapped.

12. The screen for the selected ⓭ **Class** opens. In this screen you see the ⓮ **Rider Name**, ⓯ **Horse Name**, the ⓰ **Percent**, and ⓱ **Place**.

13. **These are "real time" results - the percent (and place when the class is finished) for each rider/horse pair is posted as soon as the show office enters them in the computer. The screen redraws about every 30 seconds so the results are always up-to-date ("real time"). When new percents are added by the show office, the rider/horse names in the class are resorted so the rider/horse pair with the highest percent are at the top of the list, the pair with the second highest percent are second on the list, and so on.**
